

Tables

Table 1. Description of allografted respondents among the total population admitted during 2002-2008 at the burn unit of Cochin hospital.

	2002	2003	2004	2005	2006	2007	2008	Total
Burn unit admission	155	167	200	198	182	191	202	1295
Allografted patients	10	12	7	15	16	8	11	79
Survivors allografted patients	8	7	4	10	13	5	8	55
Non respondents	7	5	2	8	12	5	4	43
- Psychiatric disorder	0	1	0	2	3	2	2	10
- Language problem	1	0	0	0	3	0	0	4
- Imprisonment	0	0	0	1	1	0	0	2
- Geographical remoteness	3	2	1	0	0	0	2	8
- Not locatable (lost sight?)	3	2	1	5	3	1	0	15
Respondents	1	2	2	2	1	0	4	12

Table 2. Questions asked about knowledge of have being grafted with skin allograft.

Questions	Responses			
	Yes	No	Do not know	Total
1- Do you know if, during your treatment, you have received skin from a donor?	2	2	8	12
2- Now that you have been informed of having received skin from a donor, would you like to have more information on the skin procurement?	9	3	0	12

Table 3. Patients' position about tissue and organ donation before and after burn injury onset.

Questions	Responses			
	Yes	No	May be	Total
3- Would you agree to be a skin donor?				
Before burn onset	2	9	1	12
After burn onset	8	3	1	12
4- Would you agree to be a tissue* donor?				
Before burn onset	7	4	1	12
After burn onset	10	2	0	12
5- Would you agree to be an organ** donor?				
Before burn onset	7	4	1	12
After burn onset	10	2	0	12

* cornea, bones, vessels, amniotic membranes

**heart, lung, kidney, liver, pancreas
