HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L’archive ouverte pluridisciplinaire HAL, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d’enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.
Correction: Disease and patient characteristics in NP-C patients: findings from an international disease registry

Marc C Patterson¹,⁸*, Eugen Mengel², Frits A Wijburg³, Audrey Muller⁴, Barbara Schwierin⁴, Harir Drevon⁵, Marie T Vanier⁶ and Mercè Pineda⁷

Correction

After the publication of this work [1] it was brought to the authors attention that Figure 1 contained an inversion in the color of the triangles, where yellow which should be "diagnosis" is said to be "first miglustat use", and blue which should be "first miglustat use" is said to be "diagnosis". The correct figure is given below:
